Brazilian, Single

Lives in Porto Alegre, Rio Grande do Sul, Brazil

Profile

I have a Master's Degree in Applied Computing and a Bachelor's Degree in Computer Science, with 6+ years of experience in software development. Profoundly connected to scientific research and development techniques, I seek new technologies and challenges in order to sharpen my development skills.

Professional Skills

OS: Windows, Linux;

Programming Languages and Frameworks: C#, .NET, Javascript, NodeJS, VueJS;

Server: IIS;

Version Control: Git;

Database: SQL Server;

Professional Background

Intermediate Programming Analyst at Pmweb, the CRM Company

Jun 2015 - Dec 2019 (4 years and 6 months)

- Using C# .NET 4.5 and SQL Server, worked with the Customer Relationship Management (CRM) software (one of the three main products of the company). The latest features were developed with VueJS and NodeJS, Single Page Application (SPA) architecture;
- Using C# .NET 3.5, developed a redirection tool for incoming HTTP requests on customers sites, where redirects (301 and 302) may be managed. The web application receives all the HTTP requests and manages properly the redirection routes considering the existing rules for the specified request addresses;
- Using C# .NET 3.5 and SQL Server, developed a job opportunities management tool so the Human Resources (HR) departament would have a tool to help manage and control the incoming job applications of the company;

- Using C# .NET 3.5, helped with the development of an inside feedback application so the collaborators were given an open (and optionally anonymous) communication channel between them and the HR department.

Junior Programming Analyst at Pmweb, the CRM Company
Jun 2014 - Jun 2015 (1 year)
- Using C# .NET 3.5, helped with the development of an email creation tool so the HR departament would have the autonomy to create welcome emails for the arriving collaborators at the company;
- Using HTML, helped with the implementation of standards for email marketing development, considering the current email clients (e.g. Gmail, Outlook, Yahoo etc) software limitations.

Programming Assistant at Pmweb, the CRM Company
Jun 2013 - Jun 2014 (1 year)
- Using HTML, CSS and Javascript, worked as frontend assistant developer, responsible for identification and solving issues on existing web applications;
- Using HTML, coded email marketing.

Education

Master's Degree in Applied Computing (2016 - 2018)
Universidade do Vale do Rio dos Sinos (UNISINOS) - São Leopoldo, Rio Grande do Sul, Brazil

Bachelor's Degree in Computer Science (2008 - 2012)
Universidade do Extremo Sul Catarinense (UNESC) - Criciúma, Santa Catarina, Brazil

Academic Publishing

VERONEZ et al. **Proposal of a Method to Determine the Correlation between Total Suspended Solids and Dissolved Organic Matter in Water Bodies from Spectral Imaging and Artificial Neural Networks**. Sensors 2018, 18(1), 159. Available at <https://doi.org/10.3390/s18010159>
